

FIRELINE
Multi Mission

BUILT TO ADAPT. ENGINEERED TO PROTECT. ZIP-IN FLEECE LINER

Designed for extreme versatility, the FireLine® Multi Mission Zip-In Fleece Liner delivers added warmth, flame resistance, and rapid moisture management. Driven by Polartec® Power Grid™ FR fabric, its bi-component knit pulls sweat off the skin while open-air channels regulate core temperature—giving you maximum thermal protection without the bulk.

Whether worn as standalone station wear or integrated into your Multi Mission Field Coat or Tactical Jacket, it delivers a sharp, professional appearance built to respond.

PGI PPE REDEFINED

Zip-In Fleece Liner Powered by Polartec® Power Grid™ FR Technology

Performance Advantages

- **Advanced Climate Control:** Bi-component grid knit traps warmth while venting excess heat and moisture during high-exertion operations.
- **Inherently Flame-Resistant:** Permanent FR protection against thermal hazards and arc-flash risks.
- **Unrestricted Mobility:** Streamlined profile fits cleanly over station wear or under outer gear without bunching.

Modular Design & Seamless Shell Integration

A simple integration system uses two concealed vertical zippers combined with heavy-duty hook-and-loop anchoring points at the collar and cuffs. No snaps, no buttons, no hassle—just a secure, integrated thermal layer in seconds.

Engineered Features

- Durable FR Zytel® nylon front and sleeve zippers
- Two secure zippered outer hand-warmer pockets
- Two deep internal storage drop pockets
- Snug, elasticized cuffs to seal out cold air and debris
- Clean, professional deep black finish
